## What is an Alternative Gift Fair?

It is essentially a shopping mall for people to make donations to charitable organizations in the name of someone else as a gift.

When you enter Warren Hall on November 17, you will see tables tended by volunteers representing local not-for-profit organizations.

They will explain what they do to make the world a better place and offer options for you to contribute to their work.

For example, one of the organizations might help children who are struggling in school.

Right away you think about your friends who are dedicated teachers and how much they would appreciate the work of this organization. So you decide to make donations in their names.

In exchange, you receive descriptions of the organization and the gifts you gave on behalf of those who inspired you to make the donations. You start imagining your friends' smiles when they find out about your gifts. And you find yourself smiling as well because you realize you are not only making your friends happy, you are also helping an organization to make life better for us all.
