

IS IT POSSIBLE?

To Have a Lush Lawn **AND** Clean Water?

YES! GreenCAPE and UCB Present:

LawnSense:

SIMPLE STEPS TO ORGANIC LAWN CARE©

Featuring

CHIP OSBORNE of **Osborne Organics**~nationally-recognized natural turf expert discussing "how and why" Cape Codders should consider a natural approach to lawn care.

You will learn:

- The simple steps to **transitioning to an organic lawn**;
- A basic understanding of **soil biology** (the soil is very much alive);
- The proper use of natural **organic products** as indicated by soil testing;
- Specific and sound **cultural practices** to insure an attractive and healthy lawn and water supply.

Co-Sponsored by: *GreenCAPE* and the *Green Sanctuary & Social Justice Committees* of the Unitarian Church of Barnstable

Saturday, April 14, 9:30-11:30 A.M.

Warren Hall, Unitarian Church of Barnstable

Corner of Rte 6A and Phinney's Lane, Barnstable Village
